

Personalized Partnership DMs for DecaFlow

1. DM to @ifluxglobal

Subject Context: Token installment platform + Cross-chain swaps

DM Option A (Direct Value Prop):

Hey iFlux team! ☺

I'm reaching out from DecaFlow (decaflow.xyz) - we're a privacy-focused cross-chain swap aggregator on Base.

I've been following your innovative token installment model, and I see a powerful synergy between our platforms. We're thinking:

☐ **Cross-Chain Installment Purchases** - Imagine your users buying tokens across Ethereum, Base, Arbitrum, Polygon through installment plans, all powered by DecaFlow's best-price routing.

We're bootstrapped like you and building in public. With your Singapore base and our multi-chain infrastructure, we could offer something truly unique to Southeast Asian markets.

Would love to explore how we can collaborate. Open to a quick call this week?

Best,

[Your Name]

DM Option B (Partnership Focused):

Hi iFlux!

Came across your platform and love what you're building with token installments - making crypto accessible is exactly what the space needs.

We're DecaFlow, a cross-chain swap aggregator with MEV protection on Base. We support 6+ chains and aggregate best prices across major DEXs.

Partnership idea: Integrate our swap engine into your installment backend. Your users get:

- Best prices across 6 chains
- Privacy-protected swaps
- Seamless cross-chain purchases with payment plans

We're bootstrapped and seeking strategic partners for mutual growth. Your SE Asian market presence + our multi-chain tech = powerful combo.

Interested in exploring this? Happy to share more details.

Cheers,

2. DM to @orexn

Subject Context: Meme coin community + Liquidity partnership

DM Option A (Community Angle):

Hey OREX team! ☺

Love the community-driven approach you're building. Meme coins thrive on liquidity and accessibility - that's where we come in.

DecaFlow (decaflow.xyz) is a cross-chain swap aggregator on Base with support for Solana bridges. We're looking to:

- ☐ List OREX for cross-chain trading
- ☐ Create liquidity pools with competitive APYs
- ☐ Give your community privacy-protected trading across 6+ chains

We're bootstrapped and growing organically - perfect fit for your fair launch ethos. With our multi-chain reach, OREX holders can trade seamlessly beyond Solana.

Down to chat about bringing OREX to more chains?

LMK! ☺

DM Option B (Liquidity Focus):

OREX fam! ☺

Noticed you launched on WEEX recently - congrats!

We're DecaFlow, building a privacy-first cross-chain DEX on Base. We think OREX deserves multi-chain exposure.

What we're offering:

- List OREX on DecaFlow (Base, Arbitrum, Optimism access)
- Co-marketing to our Base ecosystem users
- Privacy trading features for your community
- Cross-chain liquidity bridges

Your Solana community + our multi-chain infrastructure = wider reach, more volume.

Interested in making OREX truly cross-chain? Let's talk.

3. DM to @squad_xyz

Subject Context: Quest platform + Campaign collaboration

DM Option A (Campaign Focus):

Hey SquadX team! ☺

Your platform is impressive - 1.1M+ users and \$15M in rewards is serious scale. We need to work together.

I'm from DecaFlow (decaflow.xyz), a privacy-focused cross-chain swap aggregator on Base. We're launching growth campaigns and your quest infrastructure is perfect for us.

Partnership proposal:

- ☐ Create DecaFlow quests (swap milestones, cross-chain challenges)
- ☐ Co-branded reward campaigns (\$\$ rewards pool from us)
- 📊 Trading volume leaderboards on your platform
- ☐ Access to your 500+ KOL network for launch amplification

We're bootstrapped but serious about growth. Your 1.1M users would get exposure to best-in-class cross-chain swaps + MEV protection.

This could be huge for both of us. Can we schedule a call to discuss details?

Looking forward to hearing from you!

DM Option B (Value Exchange):

SquadX! ☺

Love what you've built - 1.1M users, 500+ KOLs, \$15M distributed. That's the reach we need.

Quick intro: We're DecaFlow, a cross-chain swap aggregator (Base, Arbitrum, Optimism, Polygon, ETH, Avalanche). Privacy-first, best-price routing, MEV protection.

Why partner with us:

1. High-utility DeFi quests for your community (more engagement)
2. Cross-chain reward distribution via DecaFlow (we handle the tech)
3. Revenue share on swap volume from your referred users
4. Access to Base ecosystem (growing fast 📈)

Why we need you:

- User acquisition at scale (your 1.1M+ base)

- KOL network for visibility
- Proven quest infrastructure

We're launching major growth initiatives in Q1 2025. Perfect timing to align?

Let's build something big together.

DM me back or let's hop on a quick call.

DM Option C (Influencer Network Focus):

Hey SquadX! 🙌

Just saw your influencer network stats - 500+ KOLs, 125M reach. That's exactly what we're looking for.

We're DecaFlow (decaflow.xyz), a privacy-focused cross-chain DEX on Base. We're planning our launch campaign and need serious Web3 marketing firepower.

What we're proposing:

📄 Paid KOL campaign for DecaFlow launch

🎮 Custom quest series on your platform

💰 Revenue share from user acquisition

🏆 Joint leaderboard competitions (\$\$ prize pools)

We've got product-market fit (cross-chain swaps + privacy is in demand), now we need distribution.

You've got 1.1M+ engaged users.

This is a no-brainer partnership. Can we talk specifics this week?

Appreciate your time!

4. DM to @cachewallet

Subject Context: Recovery wallet + Integration partnership

DM Option A (Integration Focus):

Hey Cache Wallet! 🙌

Saw your presale crushed it (60% in 72hrs) - congrats! Your recovery tech is genuinely innovative.

We're DecaFlow (decaflow.xyz), a privacy-focused cross-chain swap aggregator on Base. I see a perfect integration opportunity.

The vision:

→ User recovers lost assets via Cache Wallet

- Instantly swap/bridge recovered funds across chains via DecaFlow
- Estate planning: Distribute inherited crypto cross-chain seamlessly

Both our platforms prioritize security - you handle recovery, we handle privacy. Together, we offer complete asset protection + interoperability.

Technical integration: Embed DecaFlow swap widget directly in Cache Wallet UI.

We're on Base, planning Ethereum/Solana integration (your chains). Timeline aligns perfectly.

Want to explore this? Happy to discuss technical specs + co-marketing opportunities.

Let's build the most secure, user-friendly wallet experience in Web3.

Cheers,

DecaFlow

DM Option B (Co-Marketing Angle):

Cache Wallet team! ☑

Your Deadman's Switch and Decentralized Will features are ☑. That's real innovation.

I'm with DecaFlow (decaflow.xyz) - cross-chain swap aggregator with MEV protection. We're both solving critical Web3 problems:

- Cache: "Never lose your assets"
- DecaFlow: "Never compromise your privacy"

Partnership idea:

- ☑ Native wallet integration (swap directly in Cache Wallet)
- ☑ Cross-chain estate distribution (use DecaFlow for multi-chain transfers)
- ☑ Co-marketing: "Complete Asset Security + Privacy"
- ☑ Shared user base growth (Base ecosystem focus)

Your presale momentum + our cross-chain tech = powerful combination.

We're bootstrapped, moving fast, and looking for aligned partners. You in?

Let me know if you want to chat!

5. DM to @gxchainglobal (REI Network)

Subject Context: L1 blockchain + Chain integration

DM Option A (Technical Partnership):

Hey REI Network! ☑

Impressed by your numbers - 3,000 TPS, free gas transactions, 76M+ REI staked. That's serious infrastructure.

We're DecaFlow (decaflow.xyz), a cross-chain swap aggregator on Base. We're expanding our chain support and REI Network is on our radar.

Why integrate REI + DecaFlow:

1. **Unique combo:** Your free gas + our MEV protection = best UX in DeFi
2. **Liquidity bridge:** Connect REI ecosystem to Base, Arbitrum, Optimism, Polygon
3. **Multi-chain DeFi:** DecaFlow becomes the gateway for REI holders to access other chains
4. **Joint developer grants:** Co-fund projects building on both ecosystems

Technical fit:

- Both EVM-compatible ☐
- Similar performance focus ☐
- Complementary features (free gas + privacy) ☐

We're bootstrapped but growing fast. REI's 318K+ wallet addresses would benefit from seamless cross-chain access.

Interested in discussing technical integration? We can start with a pilot liquidity pool.

Looking forward to collaborating!

DM Option B (Ecosystem Growth Focus):

REI Network team! ☐

Love the rebrand from GXChain and the focus on rapid, economical, innovative blockchain. That aligns with us.

Quick intro: DecaFlow is a privacy-focused cross-chain DEX on Base. We aggregate best prices across chains and protect users from MEV.

Partnership opportunity:

- ☐ Add REI Network as a supported chain on DecaFlow
- ☐ Create REI ↔ Base liquidity pools
- ☐ Co-marketing to both communities
- ✳️ Joint developer ecosystem initiatives

Why this matters:

- Your 318K+ wallets get easy access to Base, Arbitrum, Optimism
- REI token gets more liquidity and exposure
- DeFi users discover REI's free gas advantage
- We both grow TVL and user bases

We're serious about multi-chain interoperability. REI's performance + DecaFlow's privacy = compelling value prop.

Want to explore this? Happy to share technical docs and discuss integration timeline.

DM Option C (Validator/Staking Angle):

Hey @gxchainglobal! ☺

Noticed your 10% staking APR and validator program. Strong tokenomics.

We're DecaFlow, building cross-chain swap infrastructure on Base. Looking at REI Network for potential integration.

Joint opportunity:

- Integrate REI Network into DecaFlow's routing
- Create staked REI → swap incentives (earn while you swap)
- Co-develop bridge infrastructure REI ↔ Base
- Liquidity mining programs for REI holders who provide liquidity on DecaFlow

Why partner:

- Technical alignment (both EVM, performance-focused)
- User benefit (free gas + privacy swaps)
- Ecosystem growth (more utility for REI token)

We're targeting Q1 2025 for new chain integrations. REI Network fits perfectly.

Open to a technical discussion? We can start with feasibility assessment.

Cheers,

Follow-Up Strategy (If No Response After 72 Hours)

Follow-Up Template:

Hey [Team Name]!

Quick follow-up on my previous message about partnering between [Their Project] and DecaFlow.

I know DMs get buried, so wanted to resurface this. We're moving fast on partnerships and would love to include [Their Project] in our Q1 2025 plans.

TL;DR of opportunity:

[1-2 sentence specific value prop for them]

If interested, we can start with a 15-min intro call. Let me know a time that works!

Otherwise, no worries - best of luck with [specific thing they're working on that you noticed].

Cheers,

Additional Outreach Channels (If Twitter DMs Don't Work)

1. **SquadX:** Use their "Contact Founder" link (<https://t.me/OrikLeo> on Telegram)
 2. **Cache Wallet:** Contact through presale.cachewallet.com support
 3. **REI Network:** Developer portal or community Telegram
 4. **iFlux Global:** LinkedIn outreach to team members (they're hiring)
 5. **All Projects:** Comment on their recent tweets to build visibility first, then DM
-

Key Messaging Principles Used in DMs:

- ☐ **Specificity:** Mention their actual stats, features, recent achievements
 - ☐ **Mutual Benefit:** Always frame as "win-win"
 - ☐ **Clear Value Prop:** What they get, what you get
 - ☐ **Urgency (soft):** Timeline mentions without being pushy
 - ☐ **Professionalism + Personality:** Emojis for Web3 culture, but serious intent
 - ☐ **Call-to-Action:** Always end with clear next step
 - ☐ **Brevity:** Keep under 200 words when possible (people skim DMs)
-

Recommended DM Selections by Project:

Project	Recommended DM	Rationale
iFlux Global	Option B	More concrete partnership proposal, less verbose
Orex	Option A	Community-focused, matches their vibe
SquadX	Option B	Best balance of value exchange + scale emphasis
Cache Wallet	Option A	Technical integration is most compelling
REI Network	Option A	Technical partnership most aligned with their priorities

Notes:

- Personalize [Your Name] and add your Twitter handle where indicated
- Adjust tone based on your personal brand
- If you have a deck, mention "Happy to share our partnership deck" in follow-ups
- Track responses in a CRM or spreadsheet for follow-up timing
