Detailed Contact Information

1. iFlux Global

Primary: Twitter DM to [@ifluxglobal](#)

Backup:

- LinkedIn: Search for "iFlux Global" team members (they're actively hiring for BD)
- Website contact form: [iflux.global](#) (check footer/about page)

Best Time to Reach: Business hours Singapore time (UTC+8)

Recent Activity: Active on Twitter, posting about token installment plans

2. Orex

Primary: Twitter DM to [@orenx](#)

Alternate Handle: [@OREStrategy](#) (original strategy account)

Note: Website [orenx.net](#) was not accessible during research - may be temporary issue

Best Approach:

1. Try @orenx first
2. If no response, reach out to @OREStrategy
3. Check if they have a Telegram community (common for meme coins)

Recent Activity: Listed on WEEEX Exchange (November 2025)

3. SquadX

Primary: Twitter DM to @squad_xyz

Secondary:

- Telegram to founder: @OrikLeo
- Website contact: squadx.xyz/contact
- "Create Community" portal: squadx.xyz/create-community

Best Approach:

1. Twitter DM (most professional for first contact)
2. If urgent/no response: Telegram founder directly
3. For formal proposal: Use "Create Community" form on website

Response Time: Likely fast - they're actively onboarding projects

Recent Activity: Very active platform, 1.1M+ users, regular campaigns

4. Cache Wallet

Primary: Twitter DM to @cachewallet

Secondary:

- Presale contact: presale.cachewallet.com (check for contact/support)
- Partnership inquiries: Check website footer for business development email

Best Approach:

1. Twitter DM with "Partnership Inquiry" in first line
2. If building integration: Reach developer relations through presale site
3. Mention their recent presale success to show you're following their progress

Timing Note: Currently in presale mode - team will be highly responsive to partnership inquiries

Recent Activity: Presale launched (60% sold in 72 hours), Mises Browser partnership announced

5. REI Network (formerly GXChain)

Primary: Twitter DM to @gxchainglobal

Secondary:

- Developer portal: rei.network (look for "Contact" or "Partnerships")
- GitHub: @REI-Network
- Community channels: Check website footer for Discord/Telegram

Best Approach:

1. Twitter DM for initial partnership discussion
2. If technical integration: Developer portal or GitHub
3. For ecosystem grants: Look for "REI DAO" contact on website

Response Time: May take longer (larger organization), follow up after 5-7 days if no response

Recent Activity: Active mainnet, 318K+ wallets, regular ecosystem updates

Pre-Outreach Checklist

Before sending DMs, ensure you:

- ☐ Follow each project on Twitter (they can see if you follow them)
 - ☐ Like/retweet 1-2 recent posts (shows genuine interest)
 - ☐ Review their last 10 tweets to mention something specific in DM
 - ☐ Check if they've posted any partnership announcements (shows openness to collabs)
 - ☐ Have your DecaFlow Twitter profile complete and professional
 - ☐ Prepare to respond within 24 hours if they reply
-

Engagement Strategy (Before DMing)

To increase DM response rate, build visibility first:

Week 1 (Pre-Outreach):

- **Day 1-2:** Follow all accounts, engage with 2-3 posts each
- **Day 3-4:** Quote retweet their content with value-add commentary
- **Day 5:** Send DMs

Engagement Examples:

- **iFlux:** Comment on post about installments: "Love this model - making crypto accessible is crucial for adoption"
 - **SquadX:** Reply to quest announcement: "This is how you build engaged communities in Web3 🧩"
 - **Cache Wallet:** Comment on presale update: "Recovery without seed phrases is a game changer"
 - **REI Network:** Retweet their tech update with: "Free gas + EVM compatibility = underrated combo"
-

Response Tracking Template

Project	DM Sent Date	Response Date	Status	Next Action	Notes
iFlux Global			Pending	Follow up in 72h	
Orex			Pending	Try alt handle if no response	
SquadX			Pending	Telegram backup Day 5	
Cache Wallet			Pending	Check presale contact	
REI Network			Pending	Developer portal Day 7	

If All Twitter DMs Fail

Alternative Strategies:

1. Email Outreach:

- Look for "partnerships@", "business@", "hello@" on their websites
- Use Hunter.io or similar tools to find team emails

2. Community Channels:

- Join their Discord/Telegram communities
- Engage for 3-5 days, then ask for partnership contact

3. Mutual Connections:

- Check LinkedIn for mutual connections
- Ask for warm intro

4. Event-Based Outreach:

- If they're attending conferences, meet in person
- Sponsor/attend same virtual events

5. Content Collaboration:

- Propose guest blog post or Twitter Space first
- Build relationship before formal partnership ask

Red Flags to Watch For

⚠ Don't proceed if:

- They ask for upfront payment to "discuss partnership"
- They want access to your smart contracts/private keys
- They're not verified on Twitter (check for impersonators)
- Website has been down for 7+ days (may be defunct)
- No social media activity in 30+ days

☐ **Green lights:**

- Active social media (posting regularly)
 - Verified website with working product
 - Transparent team information
 - Recent partnership announcements
 - Engaged community
-

Best Practices for DM Outreach

DO:

- ☐ Personalize each message (no copy-paste obvious templates)
- ☐ Keep first DM under 150 words
- ☐ Include specific data about their project (shows you did research)
- ☐ Lead with value for them, not you
- ☐ Have a clear call-to-action
- ☐ Follow up if no response in 72 hours
- ☐ Be professional but match their communication style

DON'T:

- ☐ Send generic "let's partner" messages
 - ☐ Oversell DecaFlow in first message
 - ☐ Use aggressive sales language
 - ☐ Send multiple DMs in one day
 - ☐ Tag them publicly if they don't respond
 - ☐ Offer equity/tokens in first message (compliance issues)
 - ☐ Make demands or set arbitrary deadlines
-

Timezone Considerations

Optimize send times based on their primary markets:

Project	Primary TZ	Best Time to Send DM	Best Day
iFlux Global	UTC+8 (Singapore)	9am-11am or 2pm-4pm SGT	Tue-Thu
Orex	Unknown (likely UTC/UTC+8)	10am-2pm UTC	Mon-Wed
SquadX	Unknown (likely UTC)	9am-5pm UTC	Tue-Thu
Cache Wallet	Unknown (likely UTC-5 to UTC)	10am-3pm UTC	Wed-Thu
REI Network	UTC+8 (China)	9am-11am CST	Tue-Thu

Avoid: Weekends, Mondays (people clearing inbox), Fridays after 2pm

Final Pre-Send Checklist

Before hitting send on each DM:

- ☐ Checked for typos and grammar
 - ☐ Verified their @ handle is correct
 - ☐ Mentioned something specific about their project
 - ☐ Clear value proposition in first 2 sentences
 - ☐ Included call-to-action
 - ☐ Added "decaflow.xyz" link for credibility
 - ☐ Your Twitter profile is professional and complete
 - ☐ You're ready to respond within 24 hours if they reply
 - ☐ You have partnership materials ready if they ask for more info
-

Emergency Contact Info

If you need to reach DecaFlow team member urgently for partnership questions:

Your Contact Info to Share:

- Twitter: [@YourHandle] (add your actual handle)
 - Email: partnerships@decaflow.xyz (if you have one set up)
 - Telegram: @YourTelegramHandle (optional)
 - Calendar Link: [Add Calendly or similar if available]
